

# Aquatic Therapy

*Available at the West Omaha/Elkhorn,  
Bellevue and Wahoo locations.*

---

**Aquatic therapy** combines heat, buoyancy, and massage to relax your body while giving it countless benefits. The warm immersion allows body temperature to rise, dilating blood vessels and providing a perfect environment of healing, exercise and natural resistance from the water. It can also reduce pain, improve flexibility, and get you back in the game!

The Makovicka Physical Therapy pools are warm water and are in a private setting, allowing for one-on-one therapy. The pools also have an integrated treadmill allowing for the best care possible.

## *The Makovicka Difference*

**Makovicka Physical Therapy** is locally owned and operated by physical therapists who are leaders in their profession. We strive to forge relationships with our patients and advocate for their care. Our clinics have board-certified specialists on staff, meaning you get the highest level of care to maximize your recovery to get you back in the game.

## *Convenient Locations Close to Your Home and Where You Work.*
